beto

Your Private Enterprise AI

An AI assistant that understands your company's knowledge, policies, and processes while keeping your data under your control.

Why Beto?

Private by Design
Deploy on Cloud

It never Guesses
Always answers from the knowledge base.

Role-Based Access
The right information for the right people

One AI, Multiple Teams
Dedicated assistants for HR, IT, sales, and operations.

Your Brand, Your AI
Customize its name, identity, and purpose.

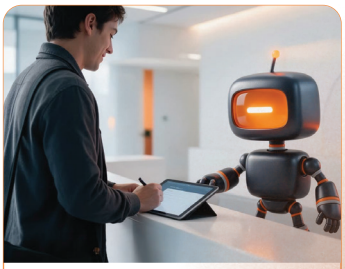

From the first cup of tea to the expo floor

Beto works wherever people ask, on a phone at breakfast, in a CNG stuck in traffic, in a client meeting and at the summit stall.

Breakfast, and a note to a client.

A callback booked from a CNG.

A proposal question, answered with the source.

A partner enquiry at the front desk.

and many more..

More Answers. Less Data Risk.
Turn your company knowledge into secure, instant, AI-powered assistance.
