Joya

AI Intelligent Receptionist

Your first impression, powered by artificial intelligence.

Joya welcomes your visitors, answers their questions, recommends the right products and solutions, and represents your brand with warmth and professionalism in Bangla and English.

What She does?

Personalized Welcome
Recognizes enrolled visitors and greets them by name, with consent.

Smart Queue & Token Management
Handles check-ins, visitor records, and instant host notifications.

Automated Meeting Booking
Finds available slots, books meetings and sends SMS confirmations.

Instant Assistance
Answers questions and guides visitors using your organization's knowledge.

Human-Like Interaction
Speak, Type, or Select. Visitors interact naturally by voice, typing, or choosing on-screen service options.

Flexible Deployment
Works on kiosks, screens or the web.

One receptionist, shaped to each industry

Corporate offices
Lobby

Banks and finance
Multi-Branch

Hospitals and healthcare
Help desk

Education
Admissions

and many more..

A Warm Welcome Every Time Less Load on Your Front Desk.

Give every visitor a professional welcome while your team focuses on what needs a person.
